### Day Five | Tuesday March 14<sup>th</sup>

---

After an early morning breakfast we head North.

07.45hrs Depart Dublin  
10.00hrs Arrive Titanic Centre, Belfast

Titanic Belfast is a visitor attraction and a monument to Belfast's maritime heritage on the site of the former Harland & Wolff shipyard in the city's Titanic Quarter where the RMS Titanic was built.

After the visit to the Centre we have a panoramic City Tour of Belfast with a Walk-on Guide.

Belfast is Northern Ireland's capital. It was the birthplace of the RMS Titanic, which famously struck an iceberg and sunk in 1912. This legacy is recalled in the renovated dockyards' Titanic Quarter, which includes the Titanic Belfast, an aluminium-clad museum reminiscent of a ship's hull, as well as shipbuilder Harland & Wolff's Drawing Offices and the Titanic Slipways, which now host open-air concerts.

15.00hrs      The Corps has a Static performance at Belfast City Hall

In 1888 Queen Victoria granted Belfast the status of the city and it was agreed that a grand and magnificent building was required to reflect this new status. City Hall opened its doors on the first of August 1906, at a time of unprecedented prosperity and industrial might for the city. The new City Hall was designed by Alfred Brumwell Thomas in the Baroque Revival style and constructed in Portland stone. The incredible building cost £369,000 to complete, the equivalent around 128 million pounds today but remains an extraordinary beacon of success and civic pride for Belfast. City Hall has many connections with the famous ocean liner Titanic. Viscount William Pirrie who was Lord Mayor in 1896-1897 just before City Hall's construction, was also managing director of Harland & Wolff Shipyard. He is the man credited as having the idea for both ambitious builds. He used many of his skilled workmen in the fit-out of City Hall which is why the interiors today are considered an incredible insight into the finish of Titanic's lounges and suites, the ship's carving panelling being very similar.

Following the performance, the group will have time to visit the hall and have time at leisure in the City.

18.15hrs      Depart Belfast  
20.00hrs      Arrive Dublin

**As this is a long day and dinner will be in your hotel this evening.**

## Day Six | Wednesday March 15<sup>th</sup>

---

We have the morning at leisure in Dublin before we head for **Glendalough**

In a stunning glaciated valley in County Wicklow, in the sixth century, one of Ireland's most revered saints founded a monastery. The foundation of St Kevin at Glendalough became one of the most famous religious centres in Europe. The remains of this 'Monastic City', which are dotted across the glen, include a superb round tower, numerous medieval stone churches and some decorated crosses. Of particular note is St Kevin's Bed, a small man-made cave in the cliff face above the Upper Lake. It is said that St Kevin lived and prayed there, but it may actually be a prehistoric burial place that far predates him. Learn all about this hallowed place in the fine interpretive centre before exploring the site for yourself. If you do, you will be rewarded with spectacular views of the two lakes and a uniquely spiritual atmosphere.

From Glendalough we travel directly to join with the Corps for an evening of Irish Music and song at Taylors Three Rock

### **Dinner at Taylors Three Rock**

Ireland's most loved pub and entertainment venue Taylors Three Rock involves a rip-roaring evening of traditional Irish song and dance accompanied by a great selection of quality Irish food to delight your palate.
